“Pssst, keep this one a secret” whisper the wowed who want this New American “find” at the Garrison Resort for themselves; “phenomenal”, “country fresh” food is “tops”, “service impeccable” and the space done up in “fabulous taste”; add “magnificent views” of “the mountains and river” from “comfortable outdoor seating” and in all, it’s “almost perfect”; those who “can’t wait to return” sigh “sadly, they’re open only April–November”, and then just on Friday and Saturdays.
